A key component of job searches, the Curriculum Vitae remains a challenge for many people, whether young or more experienced. In one or two pages, the candidate must i¿½selli ?½ himself or herself favorably yet without arrogance, include all necessary information wit out overwhelming the reader, and stand out visually without seeking originality for its own s ke. Cutting through the subjective, often contradictory advice from the recruiting world, his half-day workshop proposes no-nonsense guidelines toward an effective curriculum vitae in terms of both content and format. It ends with a brief editing exercise, during w ich participants review the draft curriculum vitae of one anot
