PLUS+ TRAINING PROGRAM: An Effective CV

JEAN-LUC DOUMONT

October 29, 2021
09:30 to 11:30
SMR

A key component of job searches, the Curriculum Vitae remains a challenge for many people, whether young or more experienced. In one or two pages, the candidate must i¿½selli ?½ himself or herself favorably yet without arrogance, include all necessary information wit out overwhelming the reader, and stand out visually without seeking originality for its own s ke. Cutting through the subjective, often contradictory advice from the recruiting world, his half-day workshop proposes no-nonsense guidelines toward an effective curriculum vitae in terms of both content and format. It ends with a brief editing exercise, during w ich participants review the draft curriculum vitae of one another.

Bio:
An engineer from Louvain School of Engineering and a PhD in Applied Physics from Stanford University, Jean-luc Doumont is acclaimed worldwide for his no-nonsense approach, his highly applicable, often life-changing recommendations on a wide range of topics, and Trees, maps, and theorems and his book about i¿½effective communication for rational minds.i¿½ For additional information, visit www.principiae.be

If you are interested in participating, please register **here** by **October 13**

Participation is open to all ICFO researchers

Please, note that there are a limited number of slots available for this workshop. Preference will be given to 2nd and 3rd year's PhD students, who have not previously attended a similar course, otherwise the course will be filled on a first-come first-served basis.
