10:00

ICFO Cafe de la Llum - Sofas area

Come and meet ICFO PhD graduate Jon Donner over coffee! Jon, former CEO and Co-founder of Nanofabrica, has spoken with ICFOians before about his growing business. After the acquisition of his start-up by Nano Dimension, Jon became GM of the Fabrica Group at Nano Dimension. Now you can meet him informally in person to ask questions and talk to him about his experience as an entrepreneur, moving from academia to industry, and launching a start-up and growing it to an exit..

Bio:

Jon earned his PhD in Nano Optics in the group led by ICREA Professor at ICFO Dr Romain Quidant, following a double degree from TAU (Tel-Aviv University) in physics and electrical engineering. He then moved to ICFO's KTT unit, leading a spin-off of an electro-optical device. Back in Israel, in 2016 Jon Founded Nanofabrica and acted as its CEO. On April 27, Nano Dimension Ltd (Nasdaq: NNDM), an industry leading Additively Manufactured

Electronics (AME)/PE (3D-Printed Electronics) provider, announced that it had signed and closed a definitive agreement to acquire Nanofabrica.
