COURSES: Python Basic and Advanced

MANUEL GOMEZ GONZALEZ

November 29, 2023 to December 12, 2023
10:00 to 13:00
Mir-Puig Elements and BLR (on November 30)

We have the pleasure to invite you to the second edition of Python courses - Basic and Advanced.

The courses will be taught by:
Dr. Manuel Gomez Gonzalez
Senior Researcher at Institute for Bioengineering of Catalonia (IBEC) & Python Instructor

WHEN?
Basic course: November 29 & December 1 & 11 (10-13h)
Advanced course: November 30 & December 4, 12

WHERE?
Mir-Puig Elements
BLR (on November 30)

If you are interested in participating, please REGISTER by November 21

In the event that selection becomes necessary, two criteria will be taken into consideration:
(i) Position at ICFO: Priority will be given to 3rd and 4th-year PhD students, followed by 1st and 2nd-year PhD students, finally post-docs and research engineers.
(ii) Motivation to participate in the course.
Hosted by: Academic Affairs
